FOREWORD

Handbooks are designed to provide answers to questions such as:

1. What are we doing?
2. Where are we engaged in witness?
3. Who has special responsibilities in our programs?

You will refer perhaps to this reference book frequently. We are confident that you will find this to be a useful tool. We are grateful for those who assist in furnishing information and statistics and for those who compile and bring this material into an orderly and useful arrangement.
